Re: Manufacturing Machinery & Equipment Exclusion
Tax: Sales
Account ID: 2522738003

Dear Louisiana Taxpayer:

Your request for exclusion from Louisiana state sales tax on the purchase, use, lease, or rental of manufacturing machinery and equipment has been approved. The enclosed Exemption Certificate (Form R-1071) bears your business's name and exemption identification number. You may copy the enclosed certificate as needed in order to provide a copy to each one of your suppliers.

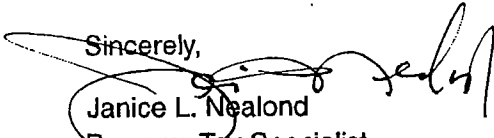

The exemption certificate may only be used to claim the partial exclusion for manufacturing machinery and equipment provided by Act 1 of the 2004 First Extraordinary Session. A schedule of the applicable exclusion percentage that can be claimed is included on the exemption certificate.

You may not claim an exclusion greater than that percentage schedule for phase-in under the Act, nor may you make tax-free purchases of consumables, supplies, or non-manufacturing equipment with this certificate. For further information regarding the types of "manufacturing" and "machinery and equipment" included in this exclusion, please refer to Louisiana Revenue Information Bulletin No. 04-012A, which is located on our website at www.revenue.louisiana.gov.

Your exemption identification number is assigned to you based upon your current North American Industry Classification System (NAICS) code, as issued by the Louisiana Department of Labor. The Louisiana Department of Revenue reserves the right to periodically review your records to determine any changes in your business status that would alter your qualification. Your exemption identification number is effective JULY 14,, 2009
