

# Chain of Custody Certificate

PricewaterhouseCoopers LLP has assessed whether the Chain of Custody process at

## Boise Cascade, L.L.C.

P.O. Box 50, Boise, ID 83728 USA

is suitably designed to provide reasonable assurance that the requirements of the standards noted below (the Requirements) have been met, as of September 20, 2011.

### PEFC Annex 4: Chain of Custody of Forest Based Products - Requirements [June 2005] Sustainable Forestry Initiative® (SFI): Chain of Custody Standard [January 2010]

Management is responsible for ensuring the Chain of Custody process meets the Requirements. Our responsibility is limited to expressing an opinion as to whether the Requirements were met, based on our assessment. The SFI standard can be found at [www.sfiprogram.org](http://www.sfiprogram.org). The PEFC Annex 4 standard can be found at [www.pefc.org](http://www.pefc.org).

Our assessment was conducted in accordance with the ISO 19011:2002 management system auditing standard and, accordingly, included examining, on a sample basis, evidence supporting management's assertion that the Requirements were met and performing such other procedures as we considered necessary in the circumstances. We planned and performed our work in order to obtain reasonable, rather than absolute, assurance with respect to the information examined. We believe our work provides a reasonable basis for our opinion.

In our opinion, the Chain of Custody process was suitably designed to provide reasonable assurance that the Requirements were met, in all material respects, as of September 20, 2011.

### SCOPE

Chain of Custody processes and practices for Boise Cascade, L.L.C.'s wood products manufacturing facilities (See Appendix A).
