You may obtain directions to the meeting place by calling our corporate offices at (208) 384-6161.

A quorum is necessary to hold a valid meeting. A quorum will exist if shareholders holding a majority of the shares of our common stock outstanding and entitled to vote at the Annual Meeting are present in person or by proxy. Shareholders have no right to cumulative voting as to any matter, including the election of directors. Abstentions and broker nonvotes will be treated as shares of common stock that are present and entitled to vote for purposes of determining the presence of a quorum. A broker nonvote occurs when a broker does not have discretionary voting power for that particular item and has not received voting instructions from the beneficial owner or when it has discretionary power but declines to use it. Brokers do not have discretionary voting power on nonroutine matters. Proposal No. 3, the ratification of the appointment of our independent registered public accounting firm for the year ending December 31, 2018, is the only routine matter for consideration at the Annual Meeting. The following table illustrates how abstentions and broker nonvotes will be counted.

Proposal No. 1 Election of Directors	<p>If you do not provide voting instructions, your broker may not vote on this matter.</p> <p>Each director nominee receiving the affirmative vote of a majority of the shares present or represented by proxy and entitled to vote in the election of directors will be elected as a director. Broker nonvotes will have no effect on the outcome of this proposal.</p> <p>Although this advisory vote is nonbinding, the compensation committee and our board of directors will review the results of the vote. The compensation committee will consider our shareholders' preferences and take them into account in making future determinations concerning the compensation of our executives.</p>
Proposal No. 3 Ratification of Independent Registered Public Accounting Firm	<p>If you do not provide voting instructions, your broker is permitted to exercise its discretion in voting.</p> <p>The proposal to appoint KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2018 will be ratified by the affirmative vote of a majority of shares present or represented by proxy and entitled to vote at the Annual Meeting. Abstentions (including broker nonvotes) will have the same effect as voting against this proposal.</p>

Director Nominees

Our board of directors consists of three staggered classes of directors, designated as Class I, Class II, and Class III. The four members of Class II, Thomas K. Corrick, Richard H. Fleming, Mack L. Hogans and Christopher J. McGowan, are standing for election as directors at the Annual Meeting, to hold office for three-year terms expiring in 2021. The following table provides summary information about each of these director-nominees. During 2017, Messrs. Corrick, Fleming, Hogans and McGowan were directors for the entire year and attended 100% of the board and committee meetings on which they served. Our board of directors recommends a FOR vote for each director nominee because it believes each is qualified to serve as a director and has made and will continue to make positive contributions to the board.

Executive Compensation Advisory Vote

We are asking shareholders to approve, on a nonbinding advisory basis, the overall executive compensation for our named executive officers. Our board of directors recommends a **FOR** vote because it believes the compensation of our executive officers supports our goal of aligning our officers' pay with Company performance and, thus, shareholder interests.

Executive Compensation Elements

- We target annual base pay at the 50th percentile of the comparable market compensation data. We believe this enables us to effectively attract and retain talented and experienced officers to manage and lead the Company.
- We provide at-risk pay opportunities in the form of short-term and long-term incentives. These compensation elements are also structured so target opportunities are set at or near the 50th percentile of the market. These short-term and long-term incentives comprise a significant portion of each officer's total compensation opportunity since they are designed to motivate and reward our officers for growing the Company and maximizing shareholder value.
- Long-term performance is the most important measure of our success because we manage our operations and business affairs for the long-term benefit of our shareholders. For 2017, our named executive officers received long-term equity incentive compensation opportunities in a combination of Performance Stock Units (PSUs) and Restricted Stock Units (RSUs).
- Under our clawback policy, the board is able to clawback both short-term and long-term incentive awards in the event of a substantial restatement of financial statements or officer or employee intentional misconduct or malfeasance.

- Our annual incentive compensation opportunities are tied to achievement of corporate and, in some cases, divisional financial goals.
- We provide limited perquisites, including only those benefits that are consistent with market practice.
- We prohibit our officers from participating in any hedging, pledging, or monetizing transaction to lock in the value of our common stock that they hold.

2017 Business Highlights

- We continued improvement of our safety programs across our business, including reinforcing, "Nobody Gets Hurt," which enabled our Wood Products' business to finish the year with the lowest incident rate since the Company's foundation.
- We continued to increase overall sales to over \$4.4 billion. Building Materials Distribution sales increased by approximately \$500 million, or 17%, year-over-year. Sales in Wood Products of approximately \$1.3 billion (including sales to our Building Materials Distribution business), increased more than \$90 million, or 7%, year-over-year.
- We earned net income of \$82.9 million and Adjusted EBITDA⁽¹⁾ of \$222 million.
- We ended 2017 with \$177.1 million of cash and cash equivalents and \$379.8 million of undrawn committed bank line availability for a total liquidity of \$556.9 million to support continued growth in 2018.
- We declared and paid our first quarterly dividend of \$0.07 per share in fourth quarter 2017.
- Our Building Materials Distribution business had its first billion dollar sales quarter in third quarter 2017.
- Our Building Materials Distribution business opened a new branch in St. Louis, Missouri and continued its organic expansion in other metropolitan markets.

Key Compensation Activities by the Compensation Committee in 2017

- Reviewed the annual advisory vote regarding our executive compensation (say-on-pay).
- Continued working with Frederic W. Cook & Co. Inc. (Frederic Cook) to assist them and our board in a comprehensive review of our executive compensation.
- With the assistance of Frederic Cook, continued reviewing all components of our executive compensation and made adjustments in some cases moving our executives from below median to closer to median.
- Continued conducting a detailed review of the short-term incentive plans for our executive officers.
- With assistance of Frederic Cook, reviewed and updated our peer group for compensation purposes, removed paper products and packaging companies due to lack of similarity with our business, removed Nortek, Inc. because it was acquired and is no longer a publicly listed company, and added American Woodwork.
- Reviewed and updated officer and director stock ownership guidelines to increase requirements for our chief executive officer to five times base salary and other senior officers to two times base salary.

- Evaluated the potential risks arising from our compensation policies and practices to ensure they reflect current and anticipated business conditions and that the performance targets are sufficiently challenging.
- Reviewed and approved changes to our deferred compensation plan for 2018 and 2019 to allow for in-service distribution accounts.
- Recommended, and the board approved, changes to directors' future stock awards to provide for vesting and distribution of RSUs one year from the date of grant.
- Reviewed and analyzed our short term incentive plans.
- Reviewed committee charter and composition of compensation committee.
- Reviewed proxy advisory firms' compensation metrics and scores.

-
- (1) EBITDA is defined as income before interest (interest expense and interest income), income tax provision (benefit), and depreciation and amortization and is not required by or presented in accordance with generally accepted accounting principles (GAAP) in the United States. Adjusted EBITDA further adjusts EBITDA to exclude the change in fair value of interest rate swaps and loss on extinguishment of debt (Adjusted EBITDA is a metric used by the Company for incentive plan purposes). Management uses EBITDA and Adjusted EBITDA to evaluate ongoing operations and believes they are useful to investors because they enable them to perform meaningful comparisons of past and present operating results. **For a reconciliation of these non-GAAP measures to the most directly comparable GAAP measure (net income), please refer to page 26 of our 2017 Annual Report, Item 6. Selected Financial Data.**

The following table sets forth the 2017 compensation for each of our named executive officers, as determined under Securities and Exchange Commission (SEC) rules, and highlights that a significant portion (stock awards and non-equity incentive plan compensation) is considered "at risk." The SEC's calculation of total compensation includes several items driven by accounting and actuarial assumptions, which are not necessarily reflective of compensation actually realized by our named executive officers in 2017. For a complete description of our named executive officers' compensation for the years ended December 31, 2015, 2016 and 2017, please refer to the *Executive Compensation* section in this proxy statement.

PROPOSALS TO BE VOTED ON

Proposal No. 1 - Election of Four Directors

Our board of directors consists of three staggered classes of directors, designated as Class I, Class II, and Class III. The director members of, and the term expiration dates for, each class are:

Class	Director Members	Term Expiration Date

II	Thomas K. Corrick Richard H. Fleming Mack L. Hogans Christopher J. McGowan	2018 annual shareholders' meeting

At each succeeding annual shareholders' meeting, successors to the class of directors whose term expires at that annual meeting will be elected for a three-year term. Each director will hold office for the term to which he or she is elected and until his or her successor is duly elected and qualified or until his or her earlier death, disqualification, resignation, or removal.

Nominees

Four nominees, Messrs. Corrick, Fleming, Hogans and McGowan are standing for election as directors at the Annual Meeting to hold office for a three-year term expiring in 2021.

Your shares will be voted according to your instructions. If you do not provide voting instructions, your broker may not vote on this matter. For 2018, our director nominees are running unopposed. Therefore, to be elected to our board of directors in 2018, each director-nominee must receive a majority of the votes cast by our shareholders present in person or by proxy and entitled to vote.

The four director-nominees have confirmed their availability for election. If any of the director-nominees becomes unavailable to serve as a director for any reason prior to the Annual Meeting, our board of directors may substitute another person as a director nominee. In that case, if you have voted for the original nominee, your shares will be voted **FOR** the substitute director nominee.

Additional information follows for the four director-nominees and the directors continuing in office, particularly concerning their business experience and qualifications, as well as attributes and skills that led our board to conclude that person should serve as a director of the Company. Proposal No. 2 - Advisory Approval of Our Executive Compensation

We are providing our shareholders with the opportunity to cast a nonbinding advisory vote regarding the compensation of our named executive officers. Our compensation philosophy is designed to emphasize a focus on total compensation, with a large portion of our named executive officers' pay being performance-based and considered variable, "at risk," and aligned with shareholder interests. We seek to pay for performance so that we can recruit and retain the talented employees necessary to drive superior financial and operational results. We view our compensation program as a strategic tool that supports the successful execution of our business strategy and reinforces a performance-based culture.

As a result of the recently adopted rules under the Dodd-Frank Act, beginning with our 2018 proxy statement, the SEC will require disclosure of the CEO-to-median-employee pay ratio.

Shareholders are urged to read the *Compensation Discussion and Analysis* section in this proxy statement, which discusses how our compensation policies and procedures implement our compensation philosophy. The compensation committee and our board of directors believe these policies and procedures are effective in implementing our compensation philosophy and in achieving its goals. Our board of directors has determined the best way to allow shareholders to vote on our executive compensation is through the following resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed in the *Compensation Discussion and Analysis*, compensation tables, and narrative discussion in this proxy statement, is hereby APPROVED.

Your vote is important to us. Although this advisory vote is nonbinding, the compensation committee and our board of directors will review the results of the vote. The compensation committee will consider our shareholders' preferences and take them into account in making future determinations concerning our executive compensation.

Our board of directors unanimously recommends shareholders vote, on a nonbinding advisory basis, FOR the approval of the resolution set forth above approving the compensation of our named executive officers.

Proposal No. 3 - Ratification of Independent Accountant for the Year Ending December 31, 2018

The audit committee of our board of directors is responsible for the engagement of our independent auditor and has appointed KPMG LLP (KPMG) in that capacity, effective February 21, 2018.

Although ratification is not required by our bylaws or otherwise, our board of directors is submitting the selection of KPMG to our shareholders for ratification because we value our shareholders' views on our independent registered public accounting firm and as a matter of good corporate practice. If the appointment of KPMG is not ratified, the audit committee will evaluate the basis for the shareholders' vote when determining whether to continue the firm's engagement, but may ultimately determine to continue the engagement of the firm or another audit firm without resubmitting the matter to shareholders. Even if the selection of KPMG is ratified, the audit committee may, in its sole discretion, change the appointment at any time during the year if it determines a change would be in the best interests of the Company and our shareholders.

It is expected that one or more representatives of KPMG will be present at our Annual Meeting to answer questions. They will also have the opportunity to make a statement if they desire to do so.

For information on the services KPMG has provided for us in 2017, please refer to the following table:

2017	
Audit Fees	\$ 2,189,996
Audit-Related Fees	9,500
Tax Fees	55,400
All Other Fees	—
Total	\$ 2,254,896

Our board of directors unanimously recommends shareholders vote FOR the ratification of the appointment of KPMG as our independent registered public accounting firm for the year ending December 31, 2018.

CORPORATE GOVERNANCE

Code of Ethics for Our Board of Directors

We have adopted a Boise Cascade Company Code of Ethics (Code of Ethics) that applies to our directors and all of our employees. We have a toll-free reporting service available that permits employees to confidentially report violations of our Code of Ethics or other issues of significant concern. We have an email link to our board on our website by selecting *Contact* at the top of the page and then *Board of Directors* in the drop down box. Communications sent by email are not confidential and are first reviewed by the Company's general counsel and chief financial officer.

If we amend or grant a waiver of one or more of the provisions of our Code of Ethics, we intend to satisfy the requirements under Item 5.05 of Form 8-K regarding the disclosure of amendments to or waivers from provisions of our Code of Ethics by posting the required information on our website.

You may view a copy of our Code of Ethics by visiting our website at www.bc.com and selecting *Investors* at the bottom of the page, then *Code of Ethics*.

Corporate Governance Guidelines

Our board of directors has adopted Corporate Governance Guidelines (Guidelines) to assist the board in exercising its responsibilities. The Guidelines reflect our board's commitment to monitor the effectiveness of policy and decision making, both at the board and management levels. Our board of directors believes the Guidelines will enhance our ability to achieve our goals and long-term success and

will assist us in increasing shareholder value. The Guidelines are in addition to and are not intended to change or interpret any federal or state law or regulation, including the Delaware General Corporation Law, our Certificate of Incorporation or bylaws, or the rules of the New York Stock Exchange (the NYSE). Our board of directors may modify the Guidelines from time to time on the recommendation of the corporate governance and nominating committee and as deemed appropriate by our board of directors.

You may view a complete copy of the Guidelines by visiting our website at www.bc.com and selecting *Investors*, then *Leadership and Governance*, and then *Corporate Governance Guidelines*.

Director Independence

Our directors believe board independence is important and is key for the board to function properly, allowing it to provide appropriate oversight and maintain managerial accountability.

We list our common stock on the NYSE. The NYSE rules require that a majority of our directors be independent from management and all members of our board committees be independent. For a director to be independent under the NYSE's rules, our board must determine affirmatively that he or she has no material relationship with us. Additionally, he or she cannot violate any of the bright line independence tests set forth in the NYSE listing rules that would prevent our board of directors from determining that he or she was independent. These rules contain heightened independence tests for members of our audit and compensation committees. Our board of directors will broadly consider all relevant facts and circumstances to determine the independence of any director, in accordance with the NYSE listing rules.

To assist in making this determination, our board adopted the NYSE's independence standards, set forth in the NYSE listing rules and Rules 10A-3 and 10C-1 under the Exchange Act. For purposes of these standards, we include Boise Cascade Company and its consolidated subsidiaries.

Our board has determined that Ms. Gowland and Messrs. Cooper, Fleming, Hannah, Hogans, Matula, McDougall and McGowan are independent directors as defined under the NYSE's listing standards. These directors constitute a majority of our board of directors and represent all of our committee members. In making its independence determination, our board considered the relationships disclosed in the *Related-Person/Party Transactions* section below.

Additionally, our board of directors has determined that (i) each member of the audit committee meets the heightened independence standards for audit committee service under the NYSE listing rules and Rule 10A-3 under the Exchange Act; and (ii) each member of the compensation committee meets the heightened independence standards for compensation committee service under the NYSE listing rules and Rule 10C-1 under the Exchange Act.

Our board of directors and its committees can retain, at their sole discretion and at our expense, independent financial, legal, compensation, or other advisors to represent the independent interests of our board of directors or its committees.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our officers, directors, and persons who beneficially own more than ten percent of our common stock to file reports of securities ownership and changes in such ownership with the SEC. Officers, directors, and greater than ten percent beneficial owners also are required by rules promulgated by the SEC to furnish us with copies of all Section 16(a) forms they file.

Based on a review of such reports, we believe that in 2017, all Section 16(a) filing requirements were complied with by our officers, directors and greater than ten percent beneficial owners, except for one transaction by Duane McDougall relating to a donation of shares he made to a 501(c)(3) charitable entity on September 1, 2016. The applicable Form 5 was not filed within the filing deadline, but a Form 4 was filed on June 15, 2017 reflecting the donation.

Related-Person/Party Transactions

Family Relationships

No family relationships exist between any of our directors and executive officers.

Affiliated-Company Transactions

Mr. Cooper, one of our directors, is the president and chief executive officer of TrueBlue, Inc. (TrueBlue), an industrial staffing company. In 2017, the Company leased commercial drivers and used other temporary labor services from TrueBlue and its subsidiaries and paid approximately \$482,000 for those services.

Policies and Procedures for Related-Person/Party Transactions

Our written policy regarding transactions with related persons requires that a "related person" (as defined in paragraph (a) of Item 404 of Regulation S-K) must promptly disclose to our general counsel any "related person transaction" (defined as any transaction that is reportable by us under Item 404(a) of Regulation S-K in which we are or will be a participant and the amount involved exceeds \$120,000 and in which any related person has or will have a direct or indirect material interest) in which such related person has or will have a direct or indirect material interest and all material facts with respect thereto. The general counsel will promptly communicate such information to our audit committee or another independent body of our board of directors. No related-person transaction will be entered into without the approval or ratification of our audit committee or another independent body of our board of directors. It is our policy that directors recuse themselves from any discussion or decision affecting their personal, business or professional interests. Our policy does not specify the standards to be applied by our audit committee or another independent body of our board of directors in determining whether to approve or ratify a related-person transaction. We accordingly anticipate that these determinations will be made in accordance with Delaware law.

Role of Compensation Consultant

The compensation committee has retained Frederic Cook as its independent, compensation consultant to assist the committee in discharging its responsibilities. Prior to retaining Frederic Cook, the compensation committee considered that Frederic Cook does not provide any other services to the Company or its executive officers and determined that there was no conflict of interest according to the factors the compensation committee determined to be relevant including the independence factors enumerated by the NYSE.

Role of Board of Directors in Our Risk Management Processes

Our board of directors oversees the risk management activities designed and implemented by our management. The board of directors executes its oversight responsibility for risk management both directly and through its committees. Through our enterprise risk management review and with general meeting content, the board of directors also considers specific risk topics, including risks associated with our strategic plan, business operations, and capital structure. In addition, the board of directors receives detailed regular reports from members of our senior management and other personnel that include assessments and potential mitigation of the risks and exposures involved with their respective areas of responsibility.

Our board of directors delegates to the audit committee oversight of our risk management process. Our other board committees also consider and address risk as they perform their respective committee responsibilities. All committees report to the full board of directors as appropriate, including when a matter rises to the level of a material- or enterprise-level risk.

Our internal audit department annually develops a risk-based audit plan that is reviewed with the audit committee, along with the results of internal audit reviews and activities. The internal audit department also maintains a high level assessment of risks and controls for key operations, functions, processes, applications, and systems within the Company. The audit committee meets a number of times each year with our director of internal audit, our chief financial officer, and our controller.

We also have in place a number of independent assurance activities responsible for assessing whether our risk response activities are in place and working effectively. These assurance activities include, but are not limited to, corporate legal audits, corporate security, environmental audits, and safety audits.

Risk Analysis of Employee Compensation Policies and Practices

We reviewed our compensation policies and practices for our employees and determined these policies and practices do not induce our employees to take unacceptable levels of business risk for the purpose of increasing their incentive plan awards at the expense of shareholder interests. Some of the considerations in making this determination were:

- None of our businesses presents a high risk profile because a very large percentage of our revenues and income is derived from commodity products;
- Our incentive pay structure rewards performance in both the short and long term (i.e., short-term incentives are not paid out at the expense of long-term shareholder value);
- Our incentive pay program has both minimum and maximum caps designed to take into account short- and long-term affordability measures;
- The compensation committee reserves the right to reduce or eliminate any awards, in its discretion, with respect to our incentive pay programs;
- We have adopted a clawback policy for our equity-based Long Term Incentive Plan (LTIP) and our cash-based Short Term Incentive Plan (STIP) that enables our board to recoup any or all of any award predicated on substantially restated financial results where the employee engaged in intentional misconduct or malfeasance leading to the restatement and would have received a lower payment under the restatement; and

- Our executive compensation does not encourage our management to take unreasonable risks relating to the business.

Director Selection Process

Our corporate governance and nominating committee is responsible for, among other matters:

- identifying individuals qualified to become members of our board of directors, consistent with criteria approved by our board of directors;
- recommending to our board a slate of director nominees for election or re-election at the Annual Meeting; and
- recommending to our board of directors persons to fill board and committee vacancies.

Through this process, members of the corporate governance and nominating committee consult with our board chair and accept nominee recommendations from other directors and/or shareholders in accordance with the terms of our Certificate of Incorporation and our bylaws. The invitation to join our board of directors is extended by our board of directors through our board chair. Our lead independent director serves as the chair of our corporate governance and nominating committee.

Suitability of Candidates

In evaluating the suitability of candidates, our board of directors and corporate governance and nominating committee consider many factors, including a candidate's:

- experience as a senior officer in a public or substantial private company or other comparable experience;
- experience as a director of a public company;
- breadth of knowledge about issues affecting the Company and/or its industry;
- expertise in finance, logistics, manufacturing, law, human resources or marketing or other areas that our board determines are important areas of needed expertise; and
- personal attributes that include integrity and sound ethical character, absence of legal or regulatory impediments, absence of conflicts of interest, demonstrated track record of achievement, ability to act in an oversight capacity, appreciation for the issues confronting a public company, adequate time to devote to our board of directors and its committees, and willingness to assume broad/fiduciary responsibilities on behalf of all shareholders.

The corporate governance and nominating committee is committed to nondiscrimination in its selection practices and makes decisions primarily on the basis of skills, qualifications, and experience.

Consideration of Diversity in Nomination Process

Our current board has a rich mixture of educational, professional, and experiential diversity. As opportunities to appoint new directors become available in the future, in addition to the factors set forth above, our board of directors will consider gender, racial, ethnic, and global diversity for director recruitment.

Shareholder Nominations for Directors

The corporate governance and nominating committee has not adopted a formal policy regarding shareholder nominations for directors because the corporate governance and nominating committee does not believe such a policy is necessary for the equitable treatment of shareholder nominations. In accordance with our bylaws, however, the corporate governance and nominating committee will consider shareholder nominations for directors (please refer to the *Shareholder Proposals for Inclusion in Next Year's Proxy Statement* section in this proxy statement for related instructions). We did not receive any shareholder nomination or recommendation for director in connection with the Annual Meeting.

Board and Committee Self-Evaluations

Our directors conduct annual self-evaluations of our board of directors and its committees. These evaluations assess the overall effectiveness of our board of directors. The chairman of the board reviews the directors' responses and provides the individual board members, the corporate governance and nominating committee, and full board with an assessment of the performance of the board and its committees. The directors then discuss the results in executive session. The purpose of the evaluation is to increase the effectiveness of our board, its committees, and our directors.

Board Governance

The board believes that wider perspective and best practices learned by board members serving in other public directorships must be balanced against the time commitment that service on boards entails. Therefore, our Corporate Governance Guidelines (Guidelines) include an overboarding policy whereby our non-employee directors are limited to no more than three public boards, in addition to ours, and our chief executive officer to one additional public board. You can view the Guidelines by visiting our website at www.bc.com and selecting *Investors, Leadership and Governance* and then *Corporate Governance Guidelines*.

BOARD STRUCTURE

Board Leadership Structure

Currently the positions of chairman and chief executive officer are filled separately. Our board of directors believes that this structure is appropriate for the Company at this time. Mr. Carlile's (our chairman of the board) experience as our former chief executive officer provides our board of directors with valuable insight on operational and industry issues.

On February 4, 2013, our corporate governance and nominating committee and our board of directors adopted the Guidelines to serve as a flexible framework within which the board conducts business. The committee and board routinely review the Guidelines with the most recent review occurring on February 22, 2018. On October 28, 2015, our board formalized our practice that the chair of the governance and nominating committee serves as the lead independent director. Our lead independent director presides over all meetings of the independent directors and works collaboratively with our chairman and chief executive officer regarding board governance, process, and establishing meeting agendas for our board.

Executive Sessions and Independent Director Sessions

Our board of directors and each of our committees routinely meet in executive sessions outside the presence of management. Mr. Carlile, our chairman of the board, presides over the executive sessions of our board of directors, and each committee chair presides over the executive sessions of each respective committee. Mr. Hogans, the chair of our corporate governance and nominating committee and our lead independent director, presides over the sessions of our independent board members who meet outside the presence of our non-independent directors at least twice per year to discuss matters as they deem appropriate.

2017 Overall Meeting Attendance Rates

During 2017, our board of directors met four times in person and once by telephone conference. Our board also acted pursuant to written resolution on one occasion during 2017. In addition to meetings of the full board, our board committees met a total of 14 times. As a group, our directors had an overall attendance rate of 100%.

Under the Guidelines, our directors are expected to attend our Annual Meeting to be held on May 3, 2018. All of the directors on the board attended the 2017 Annual Meeting.

Committees

Our board of directors has established the following three standing committees:

- Audit Committee
- Compensation Committee
- Corporate Governance and Nominating Committee

The composition, duties, and responsibilities of these committees are outlined in written charters adopted by our board of directors. Each committee charter is reviewed annually by its respective committee to ensure ongoing compliance with applicable laws and sound governance practices and reviewed

periodically by outside legal counsel. Each committee enacts any recommended changes to its charter coming out of such reviews and reports the changes to our board of directors.

You may view copies of our committee charters by visiting our website at www.bc.com and selecting *Investors* at the bottom of the page and then *Leadership and Governance*. You are then able to select any of the committee charters.

BOARD COMPENSATION

Director compensation is benchmarked against market data and our peer group, which was selected with the assistance of Frederic Cook. Employee board members do not receive compensation for their service on our board of directors. Mr. Corrick is currently our only employee board member. Nonemployee board members in 2017 were entitled to receive the compensation described below under "2017 Director Fees."

Director Compensation Table

The following table presents compensation information for each of our nonemployee directors for the year ended December 31, 2017:

Directors Deferred Compensation Plan

We maintain a "nonqualified" deferred compensation plan offered to our nonemployee directors. The plan is an unfunded plan intended to help participants supplement their retirement income while providing them an opportunity to invest a portion of their cash compensation. Under the plan, each director who receives cash compensation for board service may elect to defer all or a portion of his or her cash compensation in a calendar year. Amounts deferred are credited with imputed interest at a rate equal to 130% of Moody's Composite Average of Yields on Corporate Bonds. Participants elect the form and timing of distributions of their deferred compensation balances. Participants may receive payment in cash in a lump sum or in annual installments following their service on our board of directors. The plan was closed for contributions in 2013 but was reopened for participation effective January 1, 2014. Ms.

Gowland and Messrs. Matula and Cooper have elected to defer cash compensation in 2016 and 2017 under this plan. We do not anticipate making any changes to this plan in 2018.

STOCK OWNERSHIP

Stock Ownership Guidelines for Our Directors

In February 2014, our board of directors established Company stock ownership guidelines for our directors which are intended to ensure that our directors acquire and maintain an equity stake in the Company and more closely align their interests with those of our shareholders.

Our director stock ownership guidelines provide that, within five years from becoming a director, each director should acquire and maintain stock ownership in the Company equal to five times his or her annual cash retainer. As of March 2018, all of our board of directors met the ownership guidelines.

Stock Ownership Guidelines for Our Officers

Our board established officer stock ownership guidelines in February 2014 and updated them in November 2017. The ownership targets within the guidelines vary by officer level with the chief executive officer's target at five times salary, executive vice presidents' and senior vice presidents' target at two times salary, and vice presidents' target at one times salary. Officers are expected to achieve their respective target within five years of the board's adoption of the guidelines or of becoming an officer, whichever is later.

Our Compensation Objectives and Philosophy

We want to attract, retain, and incent the management talent we believe is essential to achieving the Company's strategic objectives, which are to grow the Company prudently and to increase long-term shareholder value. As a guiding philosophy, we target all forms of compensation at the 50th percentile of comparable market compensation data, taking into account each person's performance, contributions to the Company's success, level of experience, and other distinguishing characteristics. In some instances and for the purpose of internal equity, we have established similar compensation ranges for officer positions with similar scopes of responsibility and other similar characteristics even if such ranges may differ from comparable positions in other companies.

As a newly public company, 2014 was the first year that we had nonbinding advisory shareholder votes on executive compensation. The first vote was on the frequency of holding an advisory approval of our executive compensation, and the shareholders advised a preference for an annual vote. At the July 2014 board meeting, the board agreed to an annual vote on "say-on-pay." In each subsequent year, our shareholders have approved our executive compensation with over 90% voting in favor and, in 2017, our shareholders approved our executive compensation with over 93% voting in favor. The Compensation Committee and the board intend to continue to take these advisory votes into account regarding future compensation decisions. For 2018, shareholders will again vote on whether to approve our executive compensation as set out in this document.

Use of Market Data to Determine Amount and Allocation of Compensation

The Compensation Committee believes that an important criterion for the determination of the aggregate value of the Company's compensation program and the allocation of the value among the various elements of its compensation plans is market data, where available, on the amounts, allocations, and structures utilized by similarly situated peer companies for positions of comparable responsibility.

Management and the Compensation Committee have utilized compensation and benefits surveys to ascertain market levels of aggregate compensation and the allocation of that compensation among specific compensation elements for its Named Executive Officers. Aggregate compensation and compensation for each of the major elements (base salary, short-term incentive compensation, and long-term incentive compensation) for the Company's Named Executive Officers has generally been targeted at the 50th percentile of the surveyed peer-group companies. However, the specific aggregate compensation (and the allocation among the elements of the total compensation) paid to any of our Named Executive Officers may be below or above the 50th percentile target levels, depending on subjective judgments made by the Compensation Committee based on factors such as the specific officer's tenure with the Company and in his or her position, responsibilities that vary from the benchmark position, historical performance in the job, and other distinguishing characteristics.

Since 2011, the Compensation Committee has retained periodically the services of Frederic Cook, a compensation consultant, to prepare a comprehensive analysis of the compensation packages for our Named Executive Officers and to compare the specific elements of compensation and the aggregate value with a group of peer companies recommended by the consultant.

Frederic Cook conducted the 2017 annual review of our peer companies with our Compensation Committee at its August meeting and recommended that paper and packaging companies be removed due to lack of similarity with our business, Nortek Inc. be removed because it was acquired and is no longer a publicly listed company, and American Woodwork be added. The Compensation Committee agreed with the recommendation.

During 2017, the Compensation Committee reviewed the officer severance agreements, the Company's STIP plans and the proposed peer group for 2018 compensation discussions. The Compensation Committee re-approved double-trigger, officer severance agreements containing no additional compensation or benefits for officers and reviewed and re-approved its compensation philosophy as it appears in this Proxy Statement. The Compensation Committee also reviewed Frederic Cook's fees. Finally, the Compensation Committee adopted a modified 2018 peer group as follows:

American Woodwork
Armstrong World Industries
Beacon Roofing Supply, Inc.
BlueLinx Corporation
Builders FirstSource, Inc.
Eagle Materials Inc.
Gibraltar Industries Corporation
Louisiana Pacific Corporation
Masonite International Corporation
NCI Building Systems Company
Ply Gem Holdings, Inc.
Quanex Building Products Corporation
Simpson Manufacturing Company, Inc.
Universal Forest Products, Inc.
USG Corporation

Summary of Key Events Affecting our Named Executive Officers' Compensation in 2017

For 2017, our Compensation Committee again chose to grant 50% of the long-term incentive grant value in RSUs and 50% in PSUs. The RSUs vest and distribute one-third each year over a three-year period. The PSUs, however, are designed to have a one-year ROIC target (rather than EBITDA which is used for the STIP performance target) and a three-year cliff distribution (rather than a one-third distribution over three years) to better align with the long-term interests of shareholders.

The Compensation Committee also made salary adjustments for our executive officers to reflect several promotions, the changing median pay in our peer companies, and individual officer performance.

Executive Compensation Elements

The five elements of the Company's executive compensation are:

- Base salary;
- STIP;
- Ad hoc discretionary bonus awards;
- LTIPs; and
- Other compensation and benefit plans.

Role of Management in Setting Executive and Director Compensation

As described below, the Compensation Committee increased the compensation of our executives, including our chief executive officer, in 2017. Management did not participate in such decision. However, the Company's chief executive officer makes, and in 2017 made, recommendations to the Compensation Committee with respect to base salaries and performance targets made for the Company's STIP and LTIP for officers other than himself. The Compensation Committee makes all decisions regarding each Named Executive Officer's base salary, LTIP and STIP targets, the overall performance targets of the plans, and the potential and actual payouts under each plan. Management does not participate in setting director compensation.

Base Salary

Our Compensation Committee has historically reviewed base salaries for our Named Executive Officers on an annual basis and at the time of promotions or other changes in responsibilities. In November 2017, the Compensation Committee approved general wage increases for the Named Executive Officers to continue to move them, as determined appropriate, toward the 50th percentile based upon Frederic Cook's 2017 study. The 2017 changes in executive salaries were in line with market data provided by Frederic Cook. The salaries for our Named Executive Officers over the last three years can be found in the Summary Compensation Table.

STIP

The STIP is designed to recognize and reward the contributions that Named Executive Officers and other participants make to the Company's annual performance. Payout of the STIP is based on achievement of performance measures that are tied to the Company's annual financial performance. We offer this plan to encourage and reward conduct that will lead to better performance of our businesses as measured by the performance criteria. Each Named Executive Officer's participation in the plan, along with the criteria for calculation of the payout, is established annually by action of our Compensation Committee and communicated to the participants in an STIP award notice. A determination of the amount payable under the plan based on actual performance is made by the Compensation Committee generally in February of the following year, and resulting payments or awards are made to participants.

2017 STIP Compensation

For 2017, each of our Named Executive Officers participated in the STIP. The plan provided for awards to be determined based on the extent to which the financial goals and performance objectives were met during the year, and on the exercise of the Compensation Committee's discretion. The 2017 annual incentive award targets for our Named Executive Officers were as follows:

Officer	Target Award as a Percentage of Actual Base Earnings ⁽²⁾
Thomas K. Corrick	100%
Wayne M. Rancourt	75%
Nick Stokes ⁽¹⁾	80%
Dan Hutchinson ⁽¹⁾	80%
John T. Sahlberg	65%

(1) Messrs. Stokes' and Hutchinson's target award as a percentage of base earnings was 75% in 2016.

- (2) The target award is applied to the actual base earnings for the year which, given the Fall 2017 base salary increases, is less than the base salary.

The actual awards may be less than or greater than the target incentive amounts depending on the achievement of pre-determined financial goals and performance objectives and the exercise of the Compensation Committee's discretion. For 2017, the Compensation Committee set a threshold of 25% of the target award as the minimum award to be granted under the program. The Compensation Committee also set a maximum of 225% of the target award based on financial goals for 2017 and approved a payout graph with a payout line whereby once the level of performance is determined the award multiplier can be determined. The dollar amount of the threshold, target, and maximum award payable to each of our Named Executive Officers is set out in the table found under "Grants of Plan-Based Awards" in this section of this proxy statement.

The annual financial goals required for each of our Named Executive Officers under our 2017 STIP were as follows:

Officer	Financial Criteria	Requirement For Threshold Payment \$ or %	Requirement For Target Payment \$ or %	Requirement For Maximum Payment \$ or %
(in millions, except PRONWC)				
Thomas K. Corrick	100% Corporate EBITDA	\$ 86	\$ 176	\$ 271
Wayne M. Rancourt	100% Corporate EBITDA	\$ 86	\$ 176	\$ 271

- (1) Pre-tax Return On Net Working Capital (PRONWC) is calculated by dividing Building Materials Distribution's (BMD's) net operating income by the average net working capital reported as of each month-end during a 13-month period running from December 2016 through December 2017, adjusted in each case for special items. The Compensation Committee includes PRONWC as a portion of Mr. Stokes' performance criteria because it reflects BMD's control of working capital, which is a critical financial measure in our distribution business.

At the board meeting in February 2018, our Compensation Committee confirmed the payment to each of our Named Executive Officers of an STIP award for 2017 that was calculated in accordance with the plan's metrics. The specific amounts approved by the committee for payment to each of the Named Executive Officers pursuant to the 2017 plan are reported in the column titled Non-Equity Incentive Plan Compensation in the Summary Compensation Table.

2018 STIP Compensation

At the board meeting in February 2018, both the board and the Compensation Committee approved details of the Company's 2018 STIP. No changes were made to the plan document or the methods for calculating the financial criteria to be used in determining each Named Executive Officer's award under the plan.

2017 Ad Hoc Discretionary Bonus Awards

From time to time, the Compensation Committee may elect to grant a discretionary bonus to one or more of the Named Executive Officers or to other employees to recognize and reward exemplary performance providing value to the Company beyond what is recognized by the structure of the Company's STIP. These bonus payments are not governed by any formal plan, and no Named Executive Officer has any contractual entitlement or expectation of any such payment. The amount and timing of the grant of any such bonus to Named Executive Officers are determined by the Compensation Committee at its sole discretion. No such bonus was awarded in 2017.

LTIPs (2013 Incentive Plan and 2016 Incentive Plan - collectively the "Plans")

The Boise Cascade Company board of directors approved the 2013 Incentive Plan before our initial public offering. The 2013 Incentive Plan was replaced by the 2016 Incentive Plan by shareholder vote at our 2016 Annual Meeting. Both Plans were designed to align executive and shareholder interests and to drive long-term business results.

We made equity grants to certain of our directors and executive officers in 2015 and 2016 under the 2013 Incentive Plan, and in 2017 under the 2016 Incentive Plan.

The 2016 Incentive Plan provides for grants of stock options, stock appreciation rights, restricted stock, other stock-based awards, other cash-based compensation, and performance awards. Directors, officers, and other employees, as well as others performing consulting or advisory services are eligible for grants under the 2016 Incentive Plan. The purpose of the 2016 Incentive Plan is to provide incentives that will attract, retain, and motivate high-performing officers, directors, employees, and consultants by providing them a proprietary interest in our long-term success or compensation based on their performance in fulfilling their responsibilities to our Company.

Both Plans are administered by our Compensation Committee as designated by our board of directors. The Compensation Committee has full authority to administer and interpret the Plans, to grant discretionary awards under the 2016 Incentive Plan, to determine the persons to whom awards will be granted, to determine the types of awards to be granted, to determine the terms and conditions of each award, to determine the number of shares of common stock to be covered by each award, to make all other determinations in connection with the Plans and the awards as the Compensation Committee deems necessary or desirable, and to delegate authority under the 2016 Incentive Plan to our executive officers.

The Plans provide that awards granted under the Plans are subject to any recoupment policy we may have, including the clawback of "incentive-based compensation" under the Exchange Act or under any applicable rules and regulations promulgated by the SEC. This summary does not include all of the provisions of the Plans. For further information about the Plans, we refer you to the complete copies of our 2013 Incentive Plan and 2016 Incentive Plan, which we incorporated by reference as exhibits 10.26 and 10.30, respectively, to our 2016 Form 10-K.

In February 2017, the Compensation Committee and the board of directors approved equity grants under the 2016 Incentive Plan. The amount and structure of the grants were based on a study conducted by Frederic Cook and the recommendations Frederic Cook made as a result of the study. Officer participants under the 2016 Incentive Plan received two types of grants: RSUs and PSUs.

Beginning in 2016, Frederic Cook recommended, and the Compensation Committee continued, to set a dollar target rather than a percentage-of-salary target to facilitate the calculation of the RSU and PSU

grants on the day of the award after market close. The following 2017 targets for both RSU and PSU grants were set for our Named Executive Officers:

Officer	Dollar Value of Target Award
Thomas K. Corrick	\$1,550,000
Wayne M. Rancourt	\$450,000
Nick Stokes	\$500,000
Dan Hutchinson	\$500,000
John T. Sahlberg	\$400,000

Half of the value of the target award was granted in RSUs with a grant date fair value of \$27.05, the closing price of our common stock on the NYSE on February 23, 2017. The RSUs awarded vest over a three-year period with one-third vesting on March 1 for 2018, 2019, and 2020, with share distribution the following day.

Officer	RSU Shares
Thomas K. Corrick	28,651
Wayne M. Rancourt	8,318
Nick Stokes	9,242
Dan Hutchinson	9,242
John T. Sahlberg	7,394

The other half of the target award was made in target PSUs with a grant date fair value of \$27.05, the closing price of our common stock on the NYSE on February 23, 2017.

Officer	PSU Target Shares
Thomas K. Corrick	28,651
Wayne M. Rancourt	8,318
Nick Stokes	9,242
Dan Hutchinson	9,242
John T. Sahlberg	7,394

The 2017 PSUs awarded are earned based on a one-year ROIC performance established by the Compensation Committee. If ROIC is below the threshold noted below, no PSUs are earned. At the threshold, 50% of the PSUs are earned and at the maximum 200% of the PSUs are earned. The Compensation Committee approved an award graph so that at any level between the threshold and maximum, the Compensation Committee can determine the actual PSUs to be awarded. The actual amount of each award, based on the Company's ROIC for the year 2017, was determined by our board of directors on February 22, 2018.

The annual financial goals required for each of our Named Executive Officers with respect to their 2017 PSU grants under our 2016 Incentive Plan were as follows:

Officer	Financial Criteria	Requirement For Threshold PSUs	Requirement For Target PSUs	Requirement For Maximum PSU
Thomas K. Corrick	100% Corporate ROIC	1.8%	5.7%	9.7%
Wayne M. Rancourt	100% Corporate ROIC	1.8%	5.7%	9.7%
Nick Stokes	100% Corporate ROIC	1.8%	5.7%	9.7%
Dan Hutchinson	100% Corporate ROIC	1.8%	5.7%	9.7%
John T. Sahlberg	100% Corporate ROIC	1.8%	5.7%	9.7%

Other Compensation and Benefit Plans

The Company's Named Executive Officers receive additional compensation under a few other compensation and benefit plans. These plans and benefits, except those that are frozen or closed to new entrants, are provided to create an aggregate compensation and benefits package that is competitive in the marketplace, thereby helping us to attract and retain the management talent needed to achieve the Company's strategic objectives.

Boise Cascade Pension Plan

Effective December 31, 2009, the Compensation Committee froze the pension benefit for all of our salaried employees including our Named Executive Officers. The frozen benefit is now in the Boise Cascade Pension Plan (BCPP). On December 31, 2009, the Compensation Committee also froze our supplemental pension plans in which all of our Named Executive Officers participated. Since December 31, 2009, none of our Named Executive Officers has earned any additional pension benefit.

The BCPP entitles each vested employee to receive an annual pension benefit at normal retirement age as determined by a formula involving the average of the highest five consecutive years of the employee's compensation out of the last 10 years of employment through December 31, 2009 (Average High Five) times an annual factor for each year of service. Under the BCPP, "compensation" is defined as the employee's taxable base salary plus any taxable amounts earned under our annual variable incentive compensation programs. For each year of service prior to December 31, 2003, the annual factor was equal to 1.25%, and for each year of service from January 1, 2004 through December 31, 2009, the annual factor was equal to 1%. The value of the pension benefit is determined by adding the products of: 1) the Average High Five times the number of years of service prior to December 31, 2003, times 1.25% and; 2) the Average High Five times the number of years of service between January 1, 2004 and December 31, 2009, times 1%. Under this formula, benefits are computed on a straight-line annuity basis and are not offset by Social Security or other retirement benefits. An employee is 100% vested in the pension benefit after five years of unbroken service. As noted previously, the Compensation Committee froze the Company's salaried pension plans effective December 31, 2009, and no further benefits have been earned by salaried employees including our Named Executive Offices since that date.

The Supplemental Pension Plan

While the pension plan was in effect, if an employee earned income in excess of the limits provided under the Internal Revenue Code for qualified plans, or if income was deferred under the Company's deferred compensation plan and not taxed (and, therefore, not counted for purposes of the benefit amount calculation under the qualified BCPP), the additional benefits were accrued and will be paid from the Company's general assets under our unfunded, nonqualified Supplemental Pension Plan (SUPP).

Because the benefit definition in the SUPP is derivative of that contained in the BCPP described above, the benefit freeze adopted for the qualified plan at year-end 2009 effected a similar freeze in further benefit accruals under the SUPP as of the same date. All of our Named Executive Officers have a benefit under the SUPP.

The Supplemental Early Retirement Plan

Under our unfunded, non-qualified Supplemental Early Retirement Plan (SERP), an officer was eligible for benefits under the plan if the officer: (i) was an officer of OfficeMax immediately prior to the 2004 Forest Products Acquisition; (ii) is 55 years old or older (or 58 years old or older for officers elected on or after June 1, 2004, and before October 29, 2004); (iii) has ten or more years of service; (iv) has served as an officer for at least five full years; and (v) retires before the age of 65 (or in certain cases age 62). Eligible officers retiring prior to age 65 receive an early retirement benefit from the SERP which, in combination with their benefit under the BCPP and the SUPP, equals the benefit calculated under the BCPP and the SUPP without reduction due to the officer's early retirement. Because the benefit definition in the SERP is derivative of that contained in the BCPP described above, the benefit freeze adopted for the pension at year-end 2009 effected a similar freeze in further benefit accruals under the SERP. Benefits payable under the SERP are offset in part by benefits payable under a similar plan maintained by OfficeMax. Mr. Rancourt will become eligible for benefits under the SERP when he reaches age 58 and Mr. Stokes is now eligible under the SERP. Messrs. Corrick, Hutchinson, and Sahlberg do not participate in the SERP.

The Present Value of Pension Benefits

The aggregate, present value of pension defined benefits as of December 31, 2017, for each of our Named Executive Officers under each plan are disclosed in the table found under the heading "Pension Benefits" of this CD&A. Changes in the present value for the pension benefits for each Named Executive Officer are disclosed in footnote 6 to the "Summary Compensation Table."

The Boise Cascade Company Savings Plan

The Company maintains a 401(k) defined-contribution savings plan for all of its U.S. salaried employees, including its Named Executive Officers. Under the plan, eligible employees electing to participate may contribute up to 50% of their pretax income, subject to Internal Revenue Service (IRS) rules limiting an individual's total contributions and the application of IRS tests designed to ensure that the plan does not discriminate in favor of highly compensated employees.

Since January 2013, the Company has provided a contribution to each salaried employee's 401(k) account for each pay period in an amount equal to 4% of the employee's eligible wages (base salary and short-term incentive compensation) for the period. If the Company's EBITDA meets or exceeds targets specified by the Compensation Committee and the board of directors, the Company is able to make additional discretionary contributions in an amount equal to up to 2%, 3%, or 4% of the employee's wages, depending on the affected employee's number of years of service. For 2017, the Compensation Committee and the board set two EBITDA targets (\$175 million and \$225 million). The Company achieved the first target but did not achieve the second target and, consequently, in February 2018 a payout for 2017 occurred on the first target. Amounts in excess of IRS annual limitations on the amount of income on which Company contributions may be made to qualified defined contribution retirement plans are paid to participants as taxable cash compensation and/or credited to the participant's deferred compensation account. All of our Named Executive Officers participate in the plan.

Amounts deferred under this plan by Named Executive Officers are included in the salary disclosure in the "Summary Compensation Table," and amounts contributed by the Company to the account of a Named Executive Officer under the plan are included in the "All Other Compensation" column in the "Summary Compensation Table."

Nonqualified Deferred Compensation Plan

Our Deferred Compensation Plan is an unfunded, nonqualified, defined contribution plan that was reopened for participation effective January 1, 2014. Under the deferred compensation plan, participating employees irrevocably elect each year to defer receipt of a portion of their base salary and incentive compensation. A participant's account is credited with an amount equal to what the Company's 401(k) contribution would have been if the money had not been deferred and with imputed interest at a rate equal to 130% of Moody's Composite Average of Yields on Corporate Bonds. Participants may receive payment of their deferred compensation plan balance in a lump sum or in monthly installments over a specified period of years following the termination of their employment with the Company. Each of our Named Executive Officers is a participant in our Deferred Compensation Plan. Amounts deferred under this plan in any relevant year or contributed to the account under the plan by any of our Named Executive Officers are disclosed in the "Summary Compensation Table."

Agreements with Named Executive Officers

The Company does not have employment agreements with any of its Named Executive Officers other than the limited agreements described in this section.

Severance Agreements with Messrs. Corrick, Rancourt, Stokes, Hutchinson, and Sahlberg

The Company entered into severance agreements with each of the Named Executive Officers (except Mr. Hutchinson) in February 2008 to maintain operating continuity in the event of a change of control. The Company entered into revised severance agreements with each of its Named Executive Officers in December 2012 and in August 2016 solely to bring the agreements into technical compliance with Internal Revenue Code Section 409A and into an agreement in 2014 with Mr. Hutchinson due to his promotion. The severance agreements are effective for three years from the February anniversary date, but unless the Company gives notice 60 days prior to the second anniversary or each anniversary thereafter, the term of each severance agreement will be automatically extended for an additional year. Notice was not given prior to the anniversary date in February 2018. Accordingly, the term of such agreements has now been extended to February 22, 2020.

The severance agreements for the Named Executive Officers provide that in the event of a "qualifying termination" (meaning any termination with the exception of a termination (i) by the Company for cause or disability; (ii) by the employee other than for good reason (as described in the severance agreement); or (iii) as a result of the employee's death), an employee will be entitled to receive (a) his or her full base salary through the date of termination, a STIP payment for the year of termination based on the plan's actual payout for the year and pro-rated to reflect the portion of the year expired, and all other compensation to which he or she is then entitled; (b) a lump-sum severance payment equal to two times the sum of the employee's annual base salary plus target STIP for the year in which the termination occurs; and (c) a lump-sum amount equal to the value of such employee's unused and accrued time off, less any advanced time off, in accordance with the applicable time-off policy in effect on the termination date. Additionally, the severance agreements provide, in the event of a qualifying termination, for full maintenance of healthcare and insurance benefits for a period of 12 or 18 months following the termination date (subject to payment of required contributions), payment of the premium under the Company's Supplemental Life Plan for 12 or 24 months following the termination date, and if applicable, receipt of the monthly benefit that such employee would have been entitled to receive under the SERP as if such employee had satisfied the age and service requirements under the SERP as of his or her termination date. The higher levels of severance benefits are generally reserved for those officers at the level of senior vice president and higher, which includes all of our Named Executive Officers.

In the event of a change in control, the agreements require a second trigger of termination from employment before benefits are payable.

The severance agreements provide that in the event of a non-qualifying termination, the employee will be entitled to receive his or her full base salary through the date of termination, plus all other compensation to which he or she is then entitled. In the event of a failure to perform duties as a result of incapacity due to physical or mental illness or injury, the employee will be entitled to continue to receive the full base salary until such time as employment is terminated due to disability. No severance payments or continuation of healthcare benefits beyond the date of termination are provided for under such circumstances.

In consideration of the severance payments described above, each severance agreement contains confidentiality and non-solicitation provisions, and a general release of all claims against the Company and its affiliates, as a condition of payment of benefits under the severance agreement.

Salaried Employee Life Insurance Plan and Officers' Supplemental Life Plan

The Company maintains two plans under which Company-paid life insurance is made available to its officers. Under its Salaried Employee Life Insurance Plan for which all of our salaried employees participate, the Company provides, at its expense during each salaried employee's period of employment, life insurance in an amount equal to the employee's base salary. Messrs. Corrick, Hutchinson, Rancourt, and Sahlberg participate in this plan.

Mr. Stokes participates in our Officers' Supplemental Life Plan, which is closed to new participants, and under which a Company-paid life insurance benefit during employment is provided in an amount equal to two times the Officer's base salary.

Amounts paid by the Company for the coverage provided to each of our Named Executive Officers is reported in the column titled "All Other Compensation" in the "Summary Compensation Table."

- (1) Includes amounts deferred under our savings plan. See "Boise Cascade Company Savings Plan" under "Other Compensation and Benefit Plans" in the "CD&A" in this proxy statement.
- (2) Includes the total value of the RSU and PSU awards granted in 2015, 2016 and 2017. The grant date value for the 2015 RSU awards is \$36.17 per share, for the 2016 RSU awards is \$16.56 per share, and the 2017 RSU awards is \$27.05 per share. The 2015 PSUs are valued at \$36.17 per share, grant date fair value at .63 times target. The 2016 PSUs were awarded by the Compensation Committee at .97 times target with a grant date fair value of \$16.56 per share. The 2017 PSUs were awarded by the Compensation Committee at 1.35 times target with a grant date fair value of \$27.05 per share. As discussed previously, the amount for 2016 consists of a regular award and a one-time transition award, as the LTIP payouts moved from one-third a year over three years vesting to cliff vesting after three years. The one-time transition awards increase the regular award by 50%, with one third vested and distributed in 2017 and two thirds vested and distributed in 2018 in order to keep the annual earning opportunity the same while moving to three-year cliff vesting to better align with long-term shareholder interests.
- (3) This column represents discretionary bonuses made by the Compensation Committee. In 2015, the Compensation Committee awarded Mr. Hutchinson a discretionary bonus. No discretionary bonuses were given in 2016 or 2017.
- (4) Represents total payment of awards under our STIP for each year reported. The specific financial goals and performance objectives at corporate and business unit levels of the STIP are described under "STIP" in the "CD&A." The amounts reported in this column include amounts deferred under our savings plan. See "Boise Cascade Company Savings Plan" under "Other Compensation and Benefit Plans" in the "CD&A" in this proxy statement for a description of this plan.

- (a) Pension benefits for officers have been frozen since December 31, 2009, and no additional benefits are being earned. The changes reported in this column reflect the changes in actuarial assumptions that increase or decrease the present value of the Named Executive Officers' benefits under all pension plans established by the Company using interest rate and mortality rate assumptions consistent with those used in the Company's financial statements. Years with decreases in the present value of pension amounts are treated as \$0 so only the nonqualified deferred compensation earnings appear in the Summary Compensation Table.
- (b) The amounts reported in this column reflect the above-market portion of the interest earned on deferred compensation for our Named Executive Officers.

For more information concerning the pension plans and deferred compensation plans in which our Named Executive Officers participate, see "Boise Cascade Pension Plan" and "Nonqualified Deferred Compensation" under "Other Compensation and Benefit Plans" in this proxy statement.

Nonqualified Deferred Compensation

As noted previously, with the Company becoming a "C" corporation in February 2013, the 2004 Deferred Compensation Plan was reopened for contributions effective January 1, 2014. Earnings on contributions and preexisting plan balances continued to accrue during 2017 in accordance with the terms of the plan. No withdrawals or distributions were made from the plan by any of our Named Executive Officers during 2017. In 2017, contributions to the deferred compensation plan received from the Company included a 4% base contribution and applicable discretionary contribution to simulate the base contribution and discretionary contribution in the 401(k) plan. Aggregate earnings and year-end plan balances for each of our Named Executive Officers are disclosed in the table below:

Name	Aggregate Earnings in Last FY (\$) ⁽¹⁾	Aggregate Balance at FYE (\$)
Thomas K. Corrick	\$ 87,360	\$ 1,925,788
Wayne M. Rancourt	14,120	279,853
Nick Stokes	11,965	237,152
Dan Hutchinson	57,099	1,219,768
John T. Sahlberg	45,084	978,610

- (1) The above-market portion of these amounts is included in the 2017 "Change in Pension Value and Nonqualified Deferred Compensation Earnings" column of the "Summary Compensation Table."

For more information concerning our nonqualified deferred compensation plan, see "Nonqualified Deferred Compensation" under "Other Compensation and Benefit Plans" above in this proxy statement.

Potential Payments upon Termination or Change in Control

The following tables reflect an estimate of the compensation the Company would have been required to pay to each of its Named Executive Officers under the compensation plans, contracts, agreements, and arrangements between each such individual and the Company for:

- Voluntary termination with good reason;
- A change in control without adoption of a replacement plan or assumption of the existing obligations;
- Involuntary termination without cause;
- For-cause termination or voluntary termination without good reason;
- Termination as a result of sale of a division; or
- Death or disability; or
- Retirement where applicable.

The amounts shown assume that such termination or change in control was effective as of December 31, 2017. The actual amounts the Company would have been required to pay on other dates may be determined only at the time of separation from the Company or the change in control and will accordingly vary from those disclosed here, which are based on a hypothetical December 31, 2017, termination. Our paid vacation is earned on a current basis ratably throughout each payroll year. Earned and unused amounts at year-end are forfeited to the extent they exceed a maximum permitted carry-over of 80 hours. The amounts disclosed here do not include amounts earned by the Named Executive Officer through that time as base salary, any bonuses approved by the Compensation Committee prior to that date, and payments earned prior to that date as 2017 awards earned pursuant to our STIP because neither their amount nor the timing of the payment is affected by the fact or the nature of the termination of employment. In addition, the disclosure does not include amounts payable pursuant to the 401(k), deferred compensation, or pension plans, which are disclosed elsewhere in this CD&A. Disclosure of amounts earned during 2017 as base salary, bonuses, and awards under the 2017 STIP may be found in the "Summary Compensation Table." Pension benefits and deferred compensation arrangements are described in footnote 5 of the "Summary Compensation Table" and under "Nonqualified Deferred Compensation" of this proxy statement, respectively.

The availability of severance payments and continued healthcare and insurance benefits beyond termination of employment is contractually conditioned for each of our Named Executive Officers on their provision to the Company of a release of claims arising from their employment and the termination thereof and their performance of contractual confidentiality, non-solicitation, and non-disparagement obligations contained in their employment or severance agreements with the Company, as well as payment of applicable contributions for healthcare and insurance benefits. The payments described in the tables and textual materials that follow are provided by severance agreements and the terms of the 2013 Incentive Plan and the 2016 Incentive Plan. For a description of these contractual arrangements, see "LTIPs and "Agreements with Named Executive Officers" in CD&A.

Pay Ratio Disclosure

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our employees and the annual total compensation of Thomas K. Corrick, our chief executive officer:

For 2017, our last completed fiscal year:

- the annual total compensation of our median employee (excluding our chief executive officer and our employees in Canada) was \$45,930; and
- the annual total compensation of our chief executive officer, as reported in the Summary Compensation Table above, was \$4,146,917.

Based on this information, we estimate that the annual total compensation of Mr. Corrick, our chief executive officer, was approximately 90 times that of our median employee in 2017.

We identified our median employee by preparing a list of all our employees (excluding our chief executive officer and our employees in Canada) as of December 31, 2017. We then collected the information necessary to calculate Medicare taxable income for the year ended December 31, 2017 as will be reported to the IRS on Form W-2 for the employees included in such list. To the amount of Medicare taxable income, we added the discretionary additional contribution we made in 2018 to our U.S.-based employees' 401(k) accounts as a result of the Company achieving certain performance goals in 2017. Even though the

discretionary contribution was paid in 2018, we added it to calculate the annual total compensation of our median employee for the year ended December 31, 2017 because it was included to calculate our chief executive officer's annual total compensation reported in the Summary Compensation Table as compensation earned in 2017. See the section entitled "The Boise Cascade Company Savings Plan" in this proxy statement for more information on discretionary 401(k) contributions.

We did not include our employees in Canada or the United Kingdom in determining our median employee, as they accounted for less than 5% of our total employee population as of December 31, 2017. As of December 31, 2017, we had a total of 6,315 employees, comprised of 6,195 U.S.-based employees, 119 employees in Canada, and 1 employee in England.

The pay ratio included above is a reasonable estimate calculated in a manner consistent with SEC rules based on our payroll and the methodology described above. The SEC rules for identifying the median-compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices. As such, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.
